PETROLEUMSFILSYNET

Vi ber om et møte for å få presentert fakta og evaluering som demonstrerer at selskapet på selskapsnivå:

får fram og vurderer relevant kunnskap om selskapets sårbarhet i forhold til storulykker, og tar dette i bruk i selskapets strategiske valg, planer og de daglige beslutninger i toppledelsen

ansvarliggjør den enkelte i selskapsledelsen og selskapsledelsen som fellesskap i forhold til ledelsesoppgavens betydning for storulykkesrisiko

tar beslutninger som, enkeltvis og samlet, ikke går på bekostning av selskapets mål om lavest mulig storulykkesrisiko;

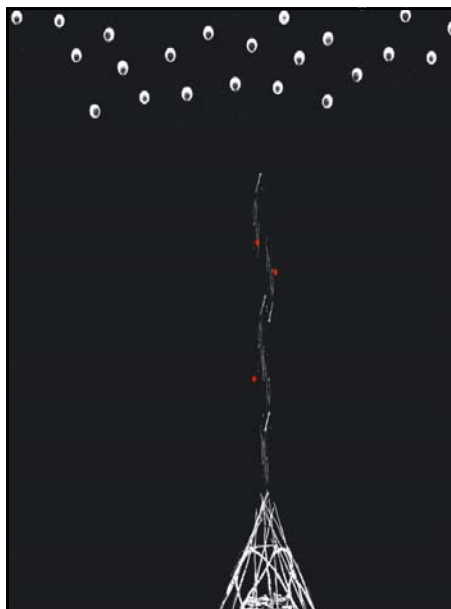

forsikrer seg om at selskapsledelsens oppmerksomhet mot å redusere storulykkesrisiko, får tilsiktet effekt
